## The EU Green Deal – living up to the challenges

On 11 December 2019 Ursula von der Leyen, the president of the EU COM announced as one important pillar of her presidency agenda for Europe “A European Green Deal”.

The European Green Deal provides a roadmap for making the EU economy sustainable by turning climate and environmental challenges into opportunities across all policy areas and making the transition just and inclusive for all.

The workshop deals with those headlines put forward in the EU COM communication on the European Green Deal ([https://ec.europa.eu/info/sites/info/files/european-green-deal-communication\\_en.pdf](https://ec.europa.eu/info/sites/info/files/european-green-deal-communication_en.pdf)) that are concerning directly the agro-food and bio-economy sector which has an important role to play in providing solutions.

The Link to the EU communication on “biodiversity” and “farm to fork” strategies and corresponding factsheets can be found here:

[https://ec.europa.eu/environment/nature/biodiversity/strategy/index\\_en.htm](https://ec.europa.eu/environment/nature/biodiversity/strategy/index_en.htm)

**Moderator:** Uno Svedin, Professor, EURAGRI & Stockholm University
